## Testimonials

### Half day spa

What a great little find The Garden Room is. My mum and I enjoyed a fantastic half day spa enjoying several treatments, and finishing off with a delicious afternoon tea. The staff are wonderful, so welcoming and friendly. We felt as though nothing was too much trouble. The treatment rooms and therapists are of a high standard, and you don't feel as though you're in an anonymous beauty salon, but in someone's home. It really felt like a treat. Thanks Louise.

### A thoroughly enjoyable experience - loved it!

I visited The Garden Room for a CACI Synergy facial with therapist and salon owner, Louise who was so welcoming and skillfull - the perfect host! Louise's beautiful home with wonderfully ambient integrated beauty treatment rooms made for the most personable salon experience. Coming from someone who is fussy, I couldn't fault the quality of anything. Most if not all products used here are organic/vegan. Attention to detail was there. I would 100% recommend The Garden Room for a number of beauty treatments and will be returning!

### Amazing 1/2 day visit

Myself and a friend visited for a 1/2 day spa session and it was just amazing. The hot tub was secluded and great for a chill out, the facial & massage treatments were fantastic & the lunch was homemade and scrumptious! Really good chill out time and we loved the snug with the lush fire. Thank you, we'll be back.

**Laura, 26/01/18 tripadvisor**

### Heaven!

I had the pregnancy massage and it was incredible. Louise really took the time to explain all the products she was using and explain precautions she would take throughout like not lying me flat on my back. I instantly felt comfortable with her as she had such a professional and friendly manner I DEFINITELY intend returning!

**Stef, 20/01/18 tripadvisor**

### Caci Synergy

I had the Caci Jowl lift last night and when I got home and washed my face omg my skin was so firm and soft with an amazing glow I am 37 and my face looked and felt 20 again.

My mum also had this treatment she is 60 and she also text me to say how amazing her face felt and looked.

We are both looking forward to starting our course of 10 and to looking good for 2018 with this amazing facial system!

Caci because we are worth it !!
